On this site, you will find tips from top safety experts on everything you need to keep kids of any age safe from preventable injuries.

Safety Tips | Safe Kids Worldwide

A car (or automobile) is a wheeled motor vehicle used for transportation. Most definitions of car say they run primarily on roads, seat one to eight people, have four tires, and mainly transport people rather than goods. Cars came into global use during the 20th century, and developed economies depend on them. The year 1886 is regarded as the birth year of the modern car when German inventor ...

Car - Wikipedia

One of the most important jobs you have as a parent is keeping your child safe when riding in a vehicle. Each year, thousands of young children are killed or injured in car crashes. Proper use of car safety seats helps keep children safe. But with so many different seats on the market, many parents ...

Car Seats: Information for Families - HealthyChildren.org

Car seats and boosters provide protection for infants and children in a crash, yet car crashes are a leading cause of death for children ages 1 to 13. That's why it's so important to choose and use

Car Seats and Booster Seats | NHTSA

Less than 1 year old. Until 1 year of age your child must use a rear-facing child car seat when traveling in a car, van or truck. Rear-facing child car seats support and protect the child's head and spine in the event of a crash.
