

spirituality in nursing care pdf

INTRODUCTION. Spirituality is a fundamental element of human experience. It encompasses the individual's search for meaning and purpose in life and the experience of the transcendent []. Spirituality also encompasses the connections one makes with others, his or herself, nature, and to the sacred realms, inside as well as outside of traditional religion [].

The meaning of spirituality has developed and expanded over time, and various connotations can be found alongside each other.. Traditionally, spirituality referred to a religious process of re-formation which "aims to recover the original shape of man", oriented at "the image of God" as exemplified by the founders and sacred texts of the religions of the world.
